

Report on Conferences and Seminars Held at Chirchik State Pedagogical University in 2024

Throughout 2024, our university organized a wide range of conferences and seminars aimed at strengthening academic development, professional competencies, pedagogical innovation, and international collaboration. These events covered diverse fields including pedagogy, psychology, linguistics, history, physics, astronomy, and community engagement. The activities reflect CSPU's strong commitment to continuous learning, research excellence, and the advancement of educational practice in Uzbekistan.

Seminar for Mahalla Leaders — 1 February 2024

CSPU launched the year with a seminar dedicated to mahalla leaders, focusing on existing opportunities and expected outcomes in community governance. The event supported local administrators by providing guidance on leadership, social development, and effective engagement.
